Successful Sunny Day for June 1998 Swap Meet

The June 7 swap meet at the NW Senior Center in Milwaukee was a lot of fun and a resounding success. People from as far as Minneapolis brought items for sale. Radios were matched to serious buyers.

The weather cooperated with sunshine, clear skies, and cool lake breezes to keep the notorious mosquitoes away. The temperature was in the mid-sixties.

As is well known in the collecting circles, the dedicated arrived at 5:15 a.m. Officially, the meet started at 6 a.m. and ended at noon. Folks browsed at the 17 registered sellers' tables, looking at mirrored, Catalin, cathedrals, consoles, battery sets, novelties and a host of other sets on display. They also bought and sold books and other paper goods. Even a record player or two could be found among the items.

To make the early hours less painful for those who would normally rise later, the club

sponsored free coffee, donuts and Coke. Many contributed to the coffee fund by making donations. Our thanks to those people.

The club thanks the following for their help in putting on another good meet. Ralph Larson for providing the coffee pot and making great tasting coffee, Jim Gettelmann for the six dozen donuts, Glenn Trischan for making the road sign that helped people find the meet, Bob Evans for taking pictures and Dale Boyce for finding the space, supplying coffee cups, Coke, ice and the cooler.

We look forward to seeing many more of you at the coming events.

Newsing Around

The Radiofest in Elgin brought out many of our members. They enjoyed the camaraderie of the other collectors from all over the country. The unique variety of radios did not disappoint.

Bob Evans and Al Jespersen went to the Antique Wireless Annual Conference. Ask them about it when you next see them.
